

Who we are because confidence builds bridges

We are the “Katholisches Familienzentrum Düren Mitte” (family center), arised from the “Orden der Genossenschaft der Cellitinnen zur heiligen Gertrud”. The work takes place here and now.
We have changed with the society and provide modern, comprehensive offers for families.

Personal care because we want to support you

The individual needs of children and young families are variegated and wide. The challenges for the children are large. Because of this it is important for the parents to find a partner, whom they can entrust the most important: their children.

Our offer of care

- 0 to 3 years
- 2 years until first day at school
- 3 years until first day at school
- Full-time care

Opening hours demand-oriented

We have apprenticeships for

- „Tagesmütter/-väter“
- „Kinderpfleger*innen“
- „Erzieher*innen“

Variegated guidance because children and families are important for us

Every child is different. Perhaps this is the main reason, because two nursery schools from Düren have band together to one family center. Thereby it is possible to offer a wide spectrum of guidance offers to incur on everybody's needs and requirements of every singular child / every singular family. The ideal promotion is important for every family.

Our offer of guidance

- Professional support: conversations of development and parent consultation day
- Questions of education
- Pedagogical café for parents
- Guidance and support for families in special situations
- Offers for families
- Teamwork with cooperation partners
- Institutions with certificate

Individual education because everyone is different

Different languages, different religions and different cultures are welcome. Children don't have the same background, but everyone intends a lot. With curiousness and happiness they discover playfully the world. Our institutions support this in the fields of language, movement, nature and cultural environment, playing and creating, integrity of creation.

Our offer of education

- Holistic promotion
- Offers for children, which are participatory, curious, are exiting and provide for a feeling of happiness
- Offers or language development
- Intercultural offers
- Religious offers
- Education of nutrition and health
- Promotion of movement and psychomotricity
